

Your Name

Percentage and grade based on all 6 tests, 6 best labs, and boosts:

83%, B<sup>-</sup>

**If you take the final:**

“Points so far” based on 5 best tests, 6 best labs, and boosts:

71/80

Your grade could be

as low as: C<sup>-</sup> (if you get 0/20 on the final)

as high as: A<sup>-</sup> (if you get 20/20 on the final)

To help you decide how you might do on the final, the average score on your five best tests has been about 14/20 (71%).

The letter grade will be computed by adding the “points so far” and the score on the final to get a **Total**, then using this table:

<b>Total:</b>	50–64	65–71	72–77	78–79	80–83	84–87	88–89	90–93	94+
<b>Grade:</b>	D	C <sup>-</sup>	C	C <sup>+</sup>	B <sup>-</sup>	B	B <sup>+</sup>	A <sup>-</sup>	A
